Introduction

Hi, my name is [], and this is [] who will be taking notes and recording the session today. Thank you so much for agreeing to share your thoughts about and experiences with relationships in the modern day. For the next 40-50 minutes, we will be asking some general questions. Just as a reminder, we will video and audio record this session. Here's a consent form, which outlines that everything we talk about here will be kept anonymous and that we are permitted to record the interview. Are you willing to sign it before we begin?

[Provide consent form]

Thank you! Is there anything you need before we get started?

Consent Form

I volunteer to participate in a research project conducted by representatives from the University of Washington.

My participation in the study activities are voluntary.

I may withdraw and discontinue participation at any time without penalty. If I feel uncomfortable in any way during the study session, I have the right to decline to participate fully in any activity or to leave the study session, knowing that my compensation will not be reduced in such an event. Participation involves answering questions asked by the researchers, and showing the researchers communications between me and the parents of my students.

Photos will be taken during both activities, and I give my consent to be photographed and for the communications to be photographed. I understand that the researchers will do their best to respect any sensitive information in the communications. An audio recording of the interview will be captured, and I give my consent to be recorded. Notes will be written about me during the interview.

I understand that the researcher will not identify me by name in any reports using information obtained from this interview, and that my confidentiality as a participant in this study will remain secure. Subsequent uses of records and data will be subject to standard data use policies which protect the anonymity of individuals and institutions.

I have read and understand the explanation provided to me. I have had all my questions answered to my satisfaction, and I voluntarily agree to participate in this study.
