

MOBIDI

Mobile Team Management
Solution

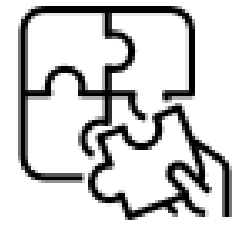

MOBIDI is a Field Data Capture and Analysis Solution for Mobile Teams using smartphones and tablets.

Field data may be a photograph, video, voice, and notes.

Collected Data automatically sent to a private cloud for report, query, and integration with other systems.

Mobile Team Management

Single Mobile Solution

We solve many problems with a single solution.

No Device Investment

Suitable for BYOD models.

Reads Barcode & QR Codes

Read Barcode & QR Codes w/o any device.

Bullet Proof

the biggest newspaper in Turkey,
Hurriyet.

Günebakan projesine ilgi artıyor

DHA

03.02.2018 - 15:51 | Son Güncelleme : 03.02.2018 - 15:51

AKSARAY,(DHA)- AKSARAY Belediyesi tarafından 2014'ten beri çeşitli denetleme parametrelerinin ardından başarılı gıda üreticilerine ve satış yerlerine halkın daha güvenilir ortamlarda gıda tüketmesi ve alışveriş yapması için Aksaray'da bir ilk olarak Günebakan Projesi hayata geçirildi.

Belediye bünyesindeki uzman Zabıta denetleme ekibi; 4.5g internet hızıyla tablet yada telefonda **MOBIDI** ile denetim işlemlerini anlık olarak gerçekleştirebiliyor, şeffaflık anlayışıyla **MOBIDI** ile fotoğraf, video ve ses kaydı alabiliyor, konum özelliğini kullanarak işletme bilgilerini o konuma atayabiliyor, Yapılan denetlemelerde, kurumun ve çalışanlarının hijyen kurallarına uygun olup olmadığı tespit ediliyor. Değerlendirme sonunda , 100 üzerinden 80 puan ve üstü alan kurumlara Günebakan sertifikası veriliyor. Sertifika verilen kurumların her 3 ayda bir kontrollerine devam ediyor. Günebakan projesine halkın ilgisi her geçen gün katlanarak artıyor. Vatandaşlar "Günebakan" sertifikası olan işletmeleri gönül rahatlığıyla tercih edebilir.

MOBIDI, with its simple and powerful design, is able to solve many different needs.

MOBIDI will be the common solution among different departments.
