

OLNEY TOWN COUNCIL

25th March 2021

Olney Town Council resolved to release previously confidential minutes for public view. You must understand that minutes are not verbatim accounts of what was said at the meeting, but should only record motions, relevant evidence, and the final decision. The minutes that OTC are releasing were not written with publication in mind hence you will see some redacted information.

Going forward, all meetings will be recorded in a way that complies with current law and allows them to be published as a record of that committee's work. This will enable greater transparency of the workings of the council which I hope will meet with everyone's approval.

Cllr J Rawlings
