

OLNEY TOWN COUNCIL

16th July 2021

Dear Friends & Neighbours,

With, what looks set to be, a glorious sunny weekend ahead I suspect that the Rec and the river will be extremely busy.

First and foremost; please do take care and stay safe, and keep an extra eye on little ones who can easily get lost in a busy area.

We are all too well aware of the problems we face in the Rec and we are doing what we can to address issues on an immediate basis whilst planning for the future.

To that end we have arranged for additional waste bins, the toilets to remain open later, extra police presence and, starting this weekend, traffic wardens to be on duty to enforce parking restrictions (remember, they won't differentiate between locals and non locals!).

We will also be doing "litter picks" over the weekend to try to keep things as tidy as possible. To ease that job please be as responsible as I know most of you are and tidy up behind you. For those of you with teens who venture off with their friends please remind them too.

I will be on the Rec at various times talking to families and visitors so do please stop me for a chat if you are there.

Stay safe, enjoy the sunshine sensibly, take care of yourselves and those around you.

Cllr Philip Geach
Mayor
