2023 NATIONAL COMMUNITY ENGAGEMENT FOR INFRASTRUCTURE FORUM

The National Community Engagement for Infrastructure Forum (NCEIF) is proud to announce the 2023 "Refresh and Renew" forum.

Scheduled to be held on **28-30 August 2023** at Saint Malo in Canberra.

This **three day** forum will include plenary discussions featuring high profile speakers, specialised sessions, exhibition booths, giveaways and networking.

As a NCEIF partner you will have the opportunity to:

- Gain access to a rapidly growing network of enthusiastic and committed community and stakeholder engagement professionals who are becoming increasingly important to government, business and industry
- Link directly with an interested, relevant and influential audience from public and private sector organisations and communities, both nationally and internationally
- Experience and participate in formal and informal networking opportunities with delegates
- Receive widespread brand recognition through valuable target marketing, ultimately positioning your brand as an industry leader in the area of infrastructure and community and stakeholder engagement
- Harness a perfect opportunity to offer professional development for your team
- Help your community engagement professionals understand the drivers of future demand for infrastructure and how we, and the communities in which we work, can be ready for growth.

Join us to share in networking opportunities, conference tickets, advertisement opportunities and connections with delegates.

Secure one of the twelve (12) package opportunities available in 2023 today!

WHAT IS THE AGENDA?

- Panel discussions and keynote presentations from senior politicians, government representatives and business leaders
- Case studies on major national and international infrastructure projects
- Engaging interactions with like minded professions
- Discussions on risks, challenges, policy implications and emerging trends

TOP 5 REASONS YOU SHOULD ATTEND:

- Network with community engagement leaders and infrastructure practitioners from around the country
- Learn from successful case studies of best practice community consultation and engagement
- Discover new industry trends and policies which may impact the community engagement framework and the development of infrastructure projects now and in the future
- Share innovative ideas and advances in infrastructure planning, design and construction
- Explore new tools and the latest research to support community and stakeholder engagement for infrastructure
