MEDIA RELEASE

INVESTSTRATFORD MOVING TO NEW LOCATION

Economic Development and Small Business Services Relocating to 82 Erie Street

Stratford, ON – October 22, 2020 – **investStratford, Stratford’s Economic Enterprise Development Corporation, along with its Stratford Perth Centre for Business staff will be relocating to the 3rd floor of 82 Erie Street in Stratford, Ontario, co-locating with the City’s Infrastructure and Development Services Department.** The new office on Erie Street provides advantages to both investStratford and the provincially funded Stratford Perth Centre for Business supporting increased collaboration with the City’s building department.

investStratford will occupy the 3rd floor of the City-owned building located within Stratford’s downtown core, offering the public easy access to the economic development team and its services which include the Stratford Perth Centre for Business. The closer proximity allows the economic development team to further nurture relationships with the City’s engineering, building and planning teams, ensuring the smoothest experience possible for clients and public, while maintaining a separate identity and continued arms-length operation.

Joani Gerber, investStratford CEO said “The new office location and accompanying lease will allow us to work more efficiently. Now, more than ever, we see the importance and need for multi-department participation in all components of the work we do, and this co-location will help us achieve those goals.”

Renovations are currently underway with the move becoming official in January 2021.

New location details: 82 Erie Street, 3rd floor
Stratford, ON, Canada, N5A 2M4
