FOLD YOUR OWN

**10 Mommy & Daddy**  
The average Jane & Joe just trying to keep their heads above water.

**Did You Know?**  
Mommy and Daddy were **NOT** in the first Pfride animated short film.

Mommy and Daddy are everyone's favorite pharmaceutical packing parents. Making their debut in the 1942 film "We Have Ways of Making You Talk", mommy injected Daddy with Pfride brand Sodium Pentathol. Interestingly enough, Mommy and Daddy weren't married until September 18, 1951 in the film "Mommy and Daddy Try Methamphetamine".

**EARLY FILM APPEARANCES**
