

Kengro Biosorb

Oil Eating, Biodegradable Absorbent
For use on land, water, and hard surfaces.

Product Information

Fluid Absorbed	Oil-based liquids, hydrocarbons
Color	Tan
Absorbency	Up to 12 gallons per bag
Configuration	3 cu. ft. or 20 L bag
Filler	Kenaf blend
Weight	12 lbs

Features

- Biodegrades after cleaning up a spill and eradicating hydrocarbons. In many states, further disposal is not required.
- Absorbs over 6x's its weight
- Non-leaching
- Adds no acidity to soil
- 100% natural & carcinogen free
- 1 bag covers 40 sq. ft. on a 1 inch spill, 20 square feet on a 2 inch spill, etc.
- Rapidly absorbent--contains natural microbes that eat/bioremediate oil.
- Cost comparable to all competitors.
- Typically does not require retrieval on land. Check your state regulations, but trust us--you won't have to sweep Biosorb under the rug.
- Yields extremely low labor and disposal costs
- Less Biosorb is needed to clean up 1 gallon of T-102 Light Crude than any competitors.
- Naturally hydrophobic/does not absorb water--100% of absorption capacity geared toward oil cleanup.
- No reaction to salt water
- 1 bag can prevent ~196 lbs of clay from going to a landfill.

Product #	Description	Absorption Capacity	Unit	Quantity	Shipping Weight
735	Paper 2 Cubic ft.	66 lbs	Bag	50	730 lbs
735P	Plastic 2 Cubic ft.	66 lbs	Bag	50	730 lbs
20L	Paper 20 Liter	23 lbs	Bag	128	665 lbs
