

Kengro Biopad

All Purpose Organic Service Mat
For use on land, water, and hard surfaces.

Product Information

Fluid Absorbed	Oil-based liquids, hydrocarbons
Color	Brown
Absorbency	6 times its weight
Configuration	Pad
Material	Kenaf Fiber
Weight	Varies by Size

Features

- 100% organic material; non-carcinogenic.
- Biodegrades after cleaning up a spill and eradicating hydrocarbons.
- Cost Efficient; 100 lbs of clay or one Biopad later, you'll see the price difference. Trust us.
- Depending on state regulations, Biopad may never see an environmental drum.
- Costs potentially end the moment you set the product out.
- Tightly woven fibers ensure this mat will not rip or tear even when saturated.
- Use repeatedly until fully saturated, which typically takes multiple uses.
- Absorbs up to 6x's its weight.
- Does not absorb water. 100% of absorption is geared toward soaking up oil, making Biopad an ideal solution for water spills as well.
- Reduces labor time.
- Requires no sprinkling or sweeping up.
- Can be used for well-servicing, vacuum and frac trucks, erosion, safety, and more.
