Understanding human nature will help you become not only a great leader but a person of integrity and excellence.

The Seduction of Fraud (SoF) course uses a combination of historical examples, modern day frauds and recent scandals to explain the psychological process of Seduction. Through the introduction of new tools and techniques such as the Seduction of Fraud Diamond™, SoF helps people from all walks of life become cognizant of potential hazards that they encounter within their professional as well as private lives.

The SoF Diamond™ examines and unveils the truth about the secret layers of human nature. It is a valuable tool to mitigate risks within organizations. This new methodology combines divergent areas of analytical psychology, psychiatry, literature, philosophy, and religious studies to bridge the gap between fraud prevention, ethics, and human behavior.

The Seduction of Fraud Course is open as an elective to all GGU students as well as those just wishing to audit the course for up to 15 CPE. This virtual course will have three “live” Zoom sessions on May 14th, June 25th and August 13th from 5:30-7:30 PST. The remaining courses will feature recorded sessions and discussions.
