• HEIM BEER •

AVAILABLE BY THE GLASS	6
-------------------------------------	---

Brewed exclusively for our distillery by KC Bier Co., Heim Beer is a nod to this building's original occupant, the Heim Brewery.

From 1901 to 1917 Heim's German-style beers were bottled in this building. Like the original Heim Beer, this Export Helles Lager is brewed in the authentic German tradition using time-honored brewing processes and imported German malt and hops.
