Serene Ocean Views Villa

Boasting an incredible panoramic view of the Caribbean Sea and spectacular sunsets, islands to be seen from the property include St Barts, Nevis, St Kitts, St. Eustatia, and Saba. The property has a large Mango tree, banana tree, berry trees, several big and beautiful Flamboyant trees and arrangement of flowers and plants surrounding the property. Unlike most places in Sint Maarten there is an abundance of green lawn and many trees and plants, yet they all blend in with the home and the unobstructed view of the Caribbean Sea. The Villa is very private with a large pool and one has no issue in sunbathing without having to worry about neighbors. There is a large outdoor under roof living area equipped with outdoor hi end stereo along with 60" LED TV.
