

## Celebrate an Occasion

Celebrate a special occasion with a donation to Women's Plans Foundation.

A donation to Women's Plans Foundation is a truly lasting way to make gift of life. When women have the capacity to manage their fertility, it improves their reproductive health and survival; improves gender equity, empowering the women; develops their economic and social resilience; stabilises human population growth; and minimises environmental damage. Your donation will help us provide reproductive planning and education in the Asia Pacific region.

We thank you very much for choosing to support us for your celebration.
