The gross rate is the contractual rate of interest payable before the deduction of income tax at the rate specified by law.

AER stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year. Should the Bank of England Base Rate change, 40% of that change (up or down) will be applied to the interest rate on all Postal 32 plus and Postal 60 plus accounts, other Rates quoted are variable unless stated otherwise.
