CASE STUDY

PROJECT SUMMARY

Creative Agency a small mobile app for a company internal use.

For this client, we have prepared a mobile app from scratch, based on their specifications. We have made an app available for Android, iOS, and the web. We have also provided consultancy for one of this creative agency clients. The feedback from the app has been very good and we continue our cooperation with the agency.

I consider them to be friends, having worked together for two years. They offer good-quality work and are timely. I recommend them constantly.
