

Roman Moriceau
Our exquisite replica of “eternity”
22.02.19-17.03.19

Opening: Thursday, 21st February at 7 pm

During the opening we will discuss how humanity is altering the planet in every possible way. Âme Nue and DIE ZEIT journalist Fritz Habekuß will launch a new series of talks entitled „Entering the Anthropocene”, in which we will begin to explore this new epoch - the epoch of human impact - through the lenses of art and science. The talk will be in english and will start at 20:00.

Hours: Tue-Fri, 4-7 pm & Sat, 3-6 pm + by appointment
