1. Introduction

¹ This protection concept is based on the amended Covid-19- Measures and Ordinances of the Federal Council of January 13, 2021 and is valid from January 18, 2021.

Purpose

² The protection concept is limited to individual lessons and lessons in groups.

Area of application

³ Responsible for the implementation of the measures in sections 3 to 5 is school management, for the execution in sections 4 and 5 the Teacher. Is there, in the opinion of a teacher, the possibility of an adjustment for a certain measure, the teacher should contact the school principal. This is responsible for deciding on the further procedure.

Responsibility

2. Persons

⁴ Face-to-face private lessons for students of all ages in all disciplines, including singing, are permitted.

Commitment

Group instruction, classes, and rehearsals are permitted with any number of students under 16 years of age and a maximum of five persons older than the age of 16 years (including the teacher or leader) in which there is no singing and space is sufficient.

The following activities are not permitted:

- Two-person lessons, group lessons, and classes and rehearsals in which singing is done.
- Group lessons, courses, and rehearsals with more than five persons over the age of 16 (including the teacher or director).
- Events in the presence of an audience or of visitors.

⁵ Teachers who are particularly at risk should continue to be able to avoid contact with other people and therefore remain for the time being home. This is based on the assumption that the teacher is not sick, until further notice, it will provide musical distance learning (online).

Distance learning
(Online)

⁶ Students who do not wish to take part in face-to-face training until further notice continue to receive distance learning online. An application must be submitted to the school management.

3. Building

⁷ At the entrances and in the toilets there are posters of Federal Office of Public Health FOPH (<https://bag-coronavirus.ch/downloads/>) to be installed. Announcements

⁸ Toilet facilities, door and window handles, handrails and the operating surfaces of photocopiers and other freely accessible Equipment must be cleaned or disinfected regularly. Cleaning

4. Rooms

⁹ It must be possible to ventilate the teaching rooms after each teaching sequence by opening the windows. Ventilation

¹⁰ Sufficient large classrooms must be chosen. Rooms

5. Lessons

¹¹ The hygiene measures issued by the Federal Office of Public Health FOPH must be respected. Teachers and students wash their hands thoroughly before and after lessons. The minimum distance of 1.5 meters from the students must be maintained if possible. 3 meters for wind instruments. Hygiene behaviour

Since 26 August 2020, adults and children older than 12 years of age are generally required to wear masks.

¹² Teachers and students should play on their personal instruments during lessons if possible. Instruments
The following instruments are excluded: piano, keyboard, percussion, drum set, amplifier and boxes for electric instruments.
Any school instruments provided should be treated with a suitable disinfectant or wipes before and after each lesson sequence.

¹³ Are occasional touches between the teacher and student inevitably (e.g. for the correction of finger positions) or does the teacher take instruments from students (e.g. to tune them) the teacher must clean the hands before and after. Occasional unavoidable contact
