

Job Title: Maintenance Supervisor

Organization: Bynum School

Location: Midland, TX

Closing Date: 7/31/2020

Job Description:

Bynum School provides year-round programs and services for children and adults who have special needs. Bynum School seeks an energetic, dedicated, and skilled Facility Maintenance Supervisor to organize, monitor, and supervise facilities, including buildings and grounds, and vehicle maintenance operations to support programs and services to ensure safety of staff, students, and visitors. This supervisor must be familiar with building operating systems, be able to diagnose problems, and decide whether repairs or maintenance can be provided in house or by a vendor. Bynum School occupies a new, highly automated building. Operating systems include electrical, plumbing, HVAC, alarms, surveillance, and technology. The ability to collaborate and communicate effectively with staff, students, and parents is essential. The Facility Maintenance Supervisor will supervise an assistant and contracted services for grounds work and cleaning.

Job requirements include a valid Texas driver's license, and the ability to lift supplies, and operate equipment.

Flexible hours are required to be able to respond to alarms, to set up facilities during evenings and weekends. Bynum School offers a complete benefits package that includes medical insurance for employees. A detailed job description, salary and benefit information are available upon request.

How To Apply

The application for employment is available on the Bynum School [web site](#) at the "Our School" tab. Send an email to Dr. Bill Maurer, Executive Director, for more information at BMaurer@bynumschool.org. Or call 432-520-0075.
