

REACH INNER CIRCLE

Est. 2018 | Inspired to make a real lasting impact |

Individuals who make a vital tax deductible donation each year become part of REACH's Inner Circle. This society was created to recognize a dedicated group that believes in our mission and shares our commitment to sustaining REACH's comprehensive high quality programs and services. With your support, we celebrate transformation and inclusion for all members of society.

In appreciation, members are invited to go behind the scenes, receive invitations to special events, are recognized in marketing materials, have access to insider agency status updates, meetings with the CEO and Board of Directors, receive unique gifts, and more!

What's Inside?

PG. 2

Annual giving levels and its benefits.

PG. 3

Giving levels continued; Testimonials.

Why Give?

REACH's commitment to providing high quality, holistic services remains at the forefront of our mission. Gifts to REACH are essential to bridge the significant gap between rising costs of providing vital services and state reimbursements. This has an increasingly negative impact on our budget and affects the service quality and our ability to meet the needs of all individuals who deserve a chance to communicate, feel included in their community, and live independent lives.

Inner Circle members ensure that REACH can continue to provide life-changing services and programs to individuals with diverse abilities. At the same time it gives REACH opportunity to grow in order to meet the increasing demand of our services and continue to transform lives for years to come!
