

sofSURFACES Inc. warrants that duraSOUND systems installed by certified sofSURFACES installation crews will be free from defects in workmanship.

sofSURFACES has led an effort to bring about more advanced and higher performing surfacing systems to the market. A key component of this effort includes installation. sofSURFACES has developed advanced and proprietary installation techniques that are unique to our duraSOUND product. duraSOUND's product warranty revolves around the mandatory use of factory certified installers that are experienced and professionally trained in the use of these techniques. Proper installation is the only way to ensure that your new duraSOUND surface performs as expected for years to come.

The installer of the project is responsible for any issues deemed to be at fault of the installer. Issues such as but not limited to; seam separation, gapping, curling, faulty cuts or missed adhesive.

Our Installation Manual should be reviewed by the end user to confirm all elements have been followed.

Your installation has been completed by:

Company Name

Foreman Name

Mailing Address

Phone Number

Email

Certification Number

Signature

and will warrant the site from installation related defects for:

Duration
