

As you are likely aware, NY state restaurants have been asked to suspend on premise dining until further notice. Therefore, we have begun offering a small family style take-out menu to attempt to fill your needs and keep ourselves busy. We expect the menu and offerings to evolve as we find our bearings; any suggestions are welcome.

When placing orders via phone or email, please specify the date, approximate time for pickup, and if you would like the food [hot]-ready to eat, or [cold]-to be reheated. If you are unable to pick up, we will do our best to make arrangements for delivery. Whenever possible please bring your own reusable bags when picking up, we will provide otherwise, but supply may be limited as we are getting this program off the ground.

If you are aware of any families or individuals in need, please forward their contact information. We would like to help those we can and ensure nothing goes to waste.

Wishing everyone health and happiness- The Mosaic Crew
