Experience **Feedbin / Product Designer**

2013-Present - San Francisco CA.

I worked with the founder to grow Feedbin from a small side project to a profitable subscription-based business. We collaborate on all aspects of the design work from marketing, product strategy, user experience, and the design system.

Flickerbox / Director of Design

2015-2019 - San Francisco CA.

I led the design team and worked directly with clients and my internal team to delivery a unified marketing experience for our customers. I worked with the leadership team to scale the design department establishing best practices around hiring, process, and cross-functional collaboration.

Flickerbox / Senior Designer

2009-2015 - San Francisco CA.

I was the first designer at the company. I worked closely with the founding team to take on the first design projects and to establish the design practice at Flickerbox.

Education **California College of the Arts / BFA, Industrial Design**

San Francisco CA.
