

DigitalX Limited
2018 Corporate Governance Statement

DigitalX Limited's objective is to achieve best practice in corporate governance and the Company's Board, senior executives and employees are committed to achieving this goal.

DigitalX's Board of Directors is responsible for establishing the corporate governance framework of the Company and its related bodies corporate. In establishing this framework, the Board has considered and reports against the Principles of Corporate Governance and Best Practice Recommendations (3rd Edition) as published by the ASX Corporate Governance Council ("**ASX Corporate Governance Principles**").

This Corporate Governance Statement has been approved by the Board of the Company and summarises the corporate governance practices and procedures that were in place throughout the financial year commencing 1 July 2017, and to the date of this Corporate Governance Statement. In addition to the information contained in this Corporate Governance Statement, the Company's website at www.digitalx.com contains additional details of its corporate governance practices and procedures.

The ASX Listing Rules require listed companies to include in their Annual Report or website a statement disclosing the extent to which they have complied with the ASX Corporate Governance Principles in the reporting period. The recommendations are not prescriptive and if a company considers that a recommendation is inappropriate having regard to its particular circumstances, the company has the flexibility not to adopt it. Where DigitalX considered it was not appropriate to presently comply with a particular recommendation, the reasons are set out in the relevant section of this Corporate Governance Statement.

With the exception of the departures detailed in this Corporate Governance Statement, the corporate governance practices of the Company during the reporting period were compliant with the ASX Corporate Governance Principles (3rd Edition).

The table below provides a summary of the Company's compliance with each of the eight ASX Corporate Governance Principles:

Board Responsibilities

The Company has established the functions that are reserved to the Board. The Board acts on behalf of the shareholders and is therefore accountable to the shareholders. It also has other obligations of a regulatory or ethical nature. In addition, the Board is responsible for identifying areas of significant business risk and ensuring arrangements are in place to appropriately manage those risks.

The Board's role is to govern the consolidated entity. Without limiting the generality of that stated role, the matters reserved specifically for the Board include:

- oversight of the Company, including its control and accountability systems;
- appointing, monitoring, managing the performance of, and if necessary terminating (the employment of) the Chief Executive Officer;
- ratifying the appointment and, if necessary, terminating (the employment) of the Chief Financial Officer and the Company Secretary;
- input, assessment, appraisal and final approval of management's development of corporate strategy and performance objectives;
- reviewing and ratifying systems of risk management and internal compliance and control, codes of conduct, and legal compliance;
- monitoring senior management's performance and implementation of strategy, and ensuring appropriate resources are available to undertake those strategies;
- approving and monitoring the progress of major capital expenditure, capital management, and acquisitions and divestitures;
- approving and monitoring financial and other reporting (including audit matters);
- recruitment, remuneration, performance review and succession plans for the Company board;
- approving significant changes to the organisational structure;
- approving the issue of any shares, options, equity instruments or other securities in the Company, including a Company Share Purchase Plan (if any);
- ensuring a high standard of corporate governance practice and regulatory compliance and promoting ethical and responsible decision making, including maintaining an appropriately documented and disseminated Corporate Code of Conduct;
- recommending to shareholders the appointment of the external auditor as and when their appointment or re-appointment is required to be approved by them; and
- meeting with the external auditor, at their request, without management.

For a complete list of the functions reserved to the Board and a copy of the Board's charter, please refer to the Corporate Governance section of the Company's website at www.digitalx.com

Due to the small size of the Board, the Board did not operate an Audit, Risk, Nomination or Remuneration committee during the financial year. The whole Board undertook the functions of these committees, in accordance with the relevant committee charter.

Responsibilities of Senior Executives

The responsibility for the operation and administration of the Company, in accordance with the direction of the Board, is delegated by the Board to the Managing Director (or equivalent) (**Managing Director**) and the executive team. The Board ensures that this team is appropriately qualified and experienced to carry out their responsibilities and has in place procedures to assess the performance of the Managing Director and the executive team. In delegating this power, the Board must also be satisfied that the Managing Director and senior executives will exercise their powers reliably and competently, and in accordance with the requirements of the Board.

Performance evaluation of Board and Senior Executives

The Board has adopted a policy for evaluating the performance of the Board, including its committees and Directors, and senior executives, a copy of which is available on its website. No formal evaluation of the Board, its committees or Directors took place during the period. Given the current stage and nature of its business, no formal documented performance review program was considered necessary.

The Managing Director’s performance objectives are equivalent to the Company’s performance objectives and are set by the Board based on qualitative and quantitative measures. Pursuant to the policy, the Managing Director’s performance against these objectives is to be reviewed annually by the Board and reflected in the Managing Director’s performance and remuneration review.

The Managing Director’s fixed reward is reviewed annually in conjunction with the annual salary review process. The review involves having due regard to market relativity for similar-sized roles.

A formal evaluation of the Managing Director took place in the financial year.

Structure of the Board and Skills Matrix

To ensure the Board is well equipped to discharge its responsibilities it has established guidelines for the nomination, selection, induction and ongoing professional development of Directors. These guidelines include a requirement to undertake appropriate background checks prior to the appointment of a person as a Director, including but not limited to undertaking police and solvency checks, a formal induction program to enable new Directors to build their knowledge and make an effective contribution in a timely manner, and the provision of appropriate professional development opportunities for Directors to develop and maintain the skills and knowledge needed to perform their roles as Directors effectively.

The Directors in office and the term of their appointment at the date of this Corporate Governance Statement are:

| Name | Position | Date of Appointment |
|--------------|------------------------------------|------------------------------------|
| P Rubinstein | Non-executive Chairman | 15 September 2017 |
| T Hicks | Independent Non-executive Director | 28 July 2016 to 7 September 2018 |
| L Travers | Managing Director | 24 July 2016 |
| S Lee | Non-executive Director | 15 September 2017 |
| F Khan | Independent Non-executive Director | 6 October 2016 to 23 November 2017 |

The skills, experience and expertise relevant to the position of Director held by each Director are included in the Company’s 2018 Annual Report on pages 2 to 4.

The composition of the Board is reviewed annually to ensure that the Directors between them bring the range of skills, knowledge and experience necessary to direct the Company’s operations. The Board has developed a skills matrix suitable for the Board of the Company at its current stage and into the future, taking into account its current strategy, operations and expectations for changes in the nature and scope of its activities. The Board skills matrix identifies a mix of areas the Board should collectively hold across its membership, including project development, legal, commercial, financial and capital markets. The Board is satisfied that the identified skills are well represented in the current Board. However, the Board will consider appointing additional directors to enhance relevant areas as it further evolves.

The Company Secretary is accountable directly to the Board, through the Chairman, on all matters to do with the proper functioning of the Board. All Directors have unfettered access to the Company Secretary. In addition, Directors are entitled, in furtherance of their duties, to seek independent professional advice at the Company's expense.

Independence

Recommendation 2.4 requires a majority of the Board to be independent Directors. The ASX guidance on factors relevant to an assessment of independence includes interests, positions, associations or relationships which might interfere with, or reasonably be seen to interfere with, a Director's capacity to bring independent judgement to bear on issues before the Board and to act in the best interests of the entity and its security holders generally.

In accordance with this guidance, no current Directors are considered to be independent.

| Name | Position |
|--------------|---------------------------|
| L Travers | CEO and Managing Director |
| P Rubinstein | Non-executive Chairman |
| S Lee | Non-executive Director |

Mr Travers is not considered independent as he is engaged in an executive capacity by the Company. Messrs Rubinstein and Lee are not considered independent as they are nominee Directors of the Company's largest shareholder, Blockchain Global Limited. Mr Khan who retired from the Board on 23 November 2017 and Mr Hicks who retired from the Board on 7 September 2018, were both considered independent Directors during their term in office.

Despite the fact a majority of the Board is not considered independent, the Board believes that the Board is able to and does bring impartial judgement to all relevant issues.

Recommendation 2.5 requires that the chair of the Board of a listed entity should be an independent director and, in particular, should not be the same person as the CEO of the entity. Mr Hicks, a former independent Director, stepped down as Chairman of the Company, into a non-executive role on 23 November 2017. The current Chairman of the Company, Mr Rubinstein is not considered independent as he is a nominee Director of the Company's largest shareholder Blockchain Global Limited.

Nomination and Remuneration Committee

The Board has adopted a Nomination and Remuneration Committee Charter however at this stage has not established a Nomination or Remuneration Committee and the full Board currently undertakes the responsibilities for determining and reviewing compensation arrangements for the Directors and senior executives and ensuring that the Board continues to operate within the established guidelines, including when necessary, selecting candidates for the position of Director. For further details regarding the procedure for the nomination, selection and appointment of new Directors and re-election of incumbents, as well as a copy of the Nomination and Remuneration Committee's charter, please refer to the Corporate Governance section of the Company's website at www.digitalx.com

For further details on the remuneration policy of the Company, including a description of the structure of Non-executive Directors' remuneration and Executive Directors' and senior executives' remuneration, see the Remuneration Report on pages 14 and 15 of the 2018 Annual Report.

The Company has established an Employee Share Scheme. The Company does not have a policy on whether participants are permitted to enter into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.

There is no scheme to provide retirement benefits (other than superannuation) for Non-executive Directors.

For additional details regarding the nomination and remuneration, please refer to the Corporate Governance section of the Company's website at www.digitalx.com

Audit and Risk Management Committee

The Board has adopted an Audit Committee Charter and a Risk Committee Charter however at this stage has not established an Audit or Risk Committee and the full Board currently undertakes the responsibilities of the committee. It is the Board's responsibility to ensure that an effective internal control framework exists within the entity. This includes internal controls to deal with both the effectiveness and efficiency of significant business processes such as the safeguarding of assets, the maintenance of proper accounting records and the reliability of financial information, as well as non-financial considerations including the benchmarking of operational key performance indicators. The Board has responsibility for the establishment and maintenance of a framework of internal control and ethical standards for the management of the consolidated entity. The Board is also responsible for the nomination of the external auditor and reviewing the adequacy of the scope and quality of the annual statutory audit and half year audit review.

For a copy of the Audit Committee's charter and Risk Committee charter, please refer to the Corporate Governance section of the Company's website at www.digitalx.com.

Communication with Shareholders

Pursuant to Principle 6, the Board aims to ensure that the shareholders are provided with full and timely information about the Company's activities. To promote effective communication with shareholders, the Company has designed a Shareholders Communication policy. Information is communicated to the shareholders through:

- the Annual Report which is made available to all shareholders;
- announcements made through the ASX companies announcements platform;
- the Company's website (<http://www.digitalx.com>) which has a dedicated Investor Relations section for the purpose of publishing all important Company information and relevant announcements made to the market; and
- the annual general meeting and any other meetings called to obtain approval for Board action as appropriate.

In addition, shareholders are encouraged to make their views known or to seek clarification on information available in the public arena by contacting the Company (including the Company's share registry, which facilitates electronic correspondence) or attending the annual general meeting. The external auditors also attend, and are available to answer queries on the preparation and content of the independent Audit Report, the accounting policies adopted by the Company in relation to the preparation of accounts and the

independence of the Auditor in relation to the conduct of the audit at the Company's annual general meetings.

For further information regarding the Company's Shareholder Communication Policy please refer to the Corporate Governance section of the Company's website at www.digitalx.com.

Diversity Policy

DigitalX is committed to promoting equality and diversity in the workplace and aims to be an organisation where diversity is valued, respected and celebrated. All decisions relating to employees will be based strictly on merit, without regard to gender, ethnicity, age, relationship status or any other irrelevant factor not applicable to the position.

Due to the small size of the Company, the Company has not established a Diversity Policy and the introduction of specific measurable objectives at this stage has not been implemented. Whilst the Board of the Company strongly endorses the concept of gender diversity, the Company's primary objective is the identification of suitably qualified candidates, regardless of gender, age, ethnicity, relationship status or any other irrelevant factor not relevant to the position.

In accordance with Recommendation 1.5(c)(1), the table below shows the proportion of women employees in the whole organisation, women in senior executive positions and women on the Board. The Company defines "senior executive" as those persons having authority and responsibility for planning, directing and controlling the activities of the Group, directly or indirectly, during the financial year. To provide an accurate reflection of the proportion of women across the whole organisation, the Company has opted to include contractors in the below percentages, which show the proportion of women in the organisation as at the date of this Statement:

Board: 0%

Senior Executive: 0%

Employees, full time equivalent: 0%

Share Trading

The Constitution of the Company permits Directors and officers to transact in shares in the Company.

In accordance with the provisions of the Corporations Act and the Listing Rules of the ASX, Directors must advise the Company and the ASX of any transactions they conduct in securities of the Company.

The Company has established a policy concerning trading in the entity's securities by Directors, senior executives and employees (**Trading Policy**). The Trading Policy prohibits the buying or selling of Company securities at any time by any Director, officer, executive, contractor, consultant or employee ("insiders") who possesses price-sensitive information about the Company that is not available to investors and the securities market generally and during "Closed Periods" and periods of "block-out" as stipulated in the policy.

Individuals who hold price-sensitive information not generally available to investors and the securities market:

- must not trade in any securities of the Company;
- must not engage any other person or entity to trade in the Company's securities;
- must not allow the price sensitive information to be disclosed to another person who may use the information for improper trading purposes; and
- must not communicate inside information to any other individual who works within the consolidated entity except on a "needs to know" basis.

Individuals who liaise with stock brokers, industry analysts or business journalists and the like regarding the business activities of the Company, must not disclose to such third parties any inside information about Company, or confirm any analysis, the confirmation of which would constitute price-sensitive and non-public information. For further information on the Company's Trading Policy please refer to the Corporate Governance section of the Company website at www.digitalx.com.

Integrity of Financial Reporting and Risk Management Policies

The Board has primary responsibility to ensure that the Company presents and publishes financial reports which present a true and fair view of its results and financial position and that the accounting methods adopted are appropriate to the Company and consistently applied in accordance with relevant accounting standards and the applicable laws.

Under section 295A of the *Corporations Act*, the Managing Director (or equivalent) and the person who performs the Chief Financial Officer function are each required to provide a written statement to the Board that the Company's annual financial report presents a true and fair view, in all material respects, of the Company's financial condition and operational results and that it is in accordance with the relevant accounting standards. Recommendation 4.2 extends this requirement such that it applies to financial statements for any financial period and that the Managing Director and the person who performs the Chief Financial Officer function must also confirm that this statement is founded on a sound system of risk management and internal compliance which implements the policies adopted by the Board and that the Company's risk management and internal compliance and control system is operating effectively in all material respects. The Board confirms that it has received written statements to this effect from the Managing Director and the Chief Financial Officer for the quarterly, half year and annual financial reports from 1 July 2017 to the date of this report.

Due to the size of the Company and its current level of activity and operations, the Company does not have a formal internal audit function. Periodically, internal reviews of the Company's financial systems, documents and processes are undertaken and any recommendation for improvement reported to the Board as part of the Company's risk management processes.

The Company is committed to the management of risks throughout its operations to protect all of its stakeholders. Risk management is carried out through the various processes and procedures mentioned above.

The full Board has responsibility for ensuring that risks are identified and monitored and has in turn required management to design and implement a risk management and control system to manage the Company's material business risks. The Company's Risk Management Policy deals with the management and oversight of material business risks and provides the guiding principle for management in the identification of risks across the organisation as a whole, and within individual business units. The policy recommends that the Board reviews the risk management framework at least annually. An annual review did not take place in the 2018 financial year due to the small size of the Company's operations.

Senior executives report regularly to the Board in relation to the effectiveness of the management of material business risks. This process will allow senior management to minimise the potential impact of business risks in achieving objectives to create and protect shareholder value.

The Risk Management Policy provides a framework for systematically understanding and identifying the types of material business risks that may threaten the Group at both a corporate and project level and includes risk mitigation strategies.

The categories of risk covered in the Risk Management Policy include but are not limited to:

- Operational risk;
- Economic risk;
- Environmental risk;
- Sustainability risk;
- Compliance risk;
- Strategic risk;
- Financial reporting risk; and
- Market related risk.

The Board has formed the view that the Company does not currently have any material exposure to economic, environmental or social sustainability risks, other than the ongoing risks associated with funding its development and other activities.

For a summary of the Company's Risk Management Policy, please refer to the Corporate Governance section of the Company's website at www.digitalx.com.

Director and Executive Code of Conduct, Continuous Disclosure Policy and Company Code of Conduct

The Company has a Code of Conduct and Continuous Disclosure Policy, which can be found in the Corporate Governance section of the Company's website at www.digitalx.com.
