Dear Mr. Know-It-All,
My future husband-to-be and I would like to have our wedding over in Bali, because it is the place where we first fell in love. However, as we are unfamiliar with the language and don't necessarily want to leave all matters up to the hotel event people (you just never know what they're going to come up with), we'd like to hire some experts. Do you know of any overseas wedding experts? - Runaway Bride

There's nothing more romantic than exchanging your "I do's" on the beachfront, and your guests will appreciate the excuse for a vacation with a sponsored open bar too. Bliss Creations (LG/F, 24 Upper Station St., Sheung Wan, 2982-0192) specializes in weddings overseas and has a particular knack for creating elegant events across the globe, so whether you want a simple garden wedding or an outlandish over-the-top church wedding, they'll pull some magical strings and create an evening to remember. They also take care of everything from accommodations and help with airfare too. And they've organized pretty wacky weddings including numerous underwater weddings and one on the very tip-top of a mountain, so put them to the test with anything your little heart desires.
