

ALONZO'S NEWS

JANUARY 26, 2018

Always in the past, if Alonzo was asked if he sculpted dinosaurs, he said no, because they were "so "xtinct!" He knew they were real, and big, but something about them not being present on the earth today did not attract him. But he is a man open to change, and he decided to give it a try. Here is his first attempt at a T-Rex.

Daniel Drake was kind enough to share a photo of Alonzo's Crucifix, "Satisfy", at Christmas time in their house.

If anyone has one of Alonzo's sculptures, and would like to send me an image, Alonzo would love to see it in its new home.
