

ALONZO'S NEWS

MARCH 30, 2019

Alonzo will be attending the dedication and celebration of a special seating area at Kids Park Lafayette; see the attached flyer. The event, in part, acknowledges Alonzo's involvement with Kids Park and the children of Boulder Valley Schools. All are welcome.

Also, his life-sized sculpture, Cassie, has now been installed at Imagine!, the community-centered board for services to people with developmental disabilities. Although the official "unveiling" has not yet been scheduled, everyone is invited to stop by the location at 1400 Dixon Ave, Lafayette CO 80026, and have a look!

Pig Projects

Alonzo has had pigs on his mind. First, he roughed out a new version of his three pigs, then gave one a roll in the dirt.

I asked him the name of the pig that was rolling in the dirt. He said it was Jim Morrison. I asked him why he would name him that, and he started singing –

Let it roll, baby, roll
Let it roll, baby, roll
Let it roll, all night long
