

Regional Social Enterprise Forum

Social Traders and **The Social Deck** are partnering together to hold a free Regional Social Enterprise Forum in your region. The Forum will include a Social Procurement Workshop followed by a Social Enterprise Showcase and networking opportunity.

Social Procurement Workshop

(Morning session)

The half-day Workshop will take you through a range of engaging and hands on learning activities to help build your capability to effectively respond to government and private enterprise procurement opportunities.

The Workshops are part of the Social Procurement Capability Program.

Who should attend?

Local social enterprises looking to scale and grow their business through procurement.

Featured topics include:

- Understand procurement opportunities and where to find them
- Explore training, memberships and certification options
- Build business capacity and readiness to supply to government and private enterprises
- Market your social enterprise to potential buyers.

Social Enterprise Showcase and networking opportunity

(Afternoon session)

Through structured networking, open discussion and a facilitated Q&A you will hear from local social enterprises and explore the challenges & wins they have faced in social procurement, providing solutions that will enable you to take advantage of social procurement opportunities!

Who should attend?

Local social enterprises, all levels of government and businesses interested in social procurement.

This event will provide you with the opportunity to contribute to the growth of social enterprise and social procurement in regional Queensland.

Featured topics include:

- Discuss the opportunities in social procurement with a network of like-minded professionals.
- Hear the lived experiences of our social enterprise guest speakers.
- Build connections and network with social entrepreneurs who can help you create meaningful impact.
- Learn more about social enterprise business models and how business for good, makes for good business.
- Meet the Social Traders team.
