## About DSUK

DSUK has over forty years' experience of teaching snowsports at our adaptive snowsport schools throughout the UK and during the winter season, in the mountains at home and abroad. We believe that teaching disabled people to master the slopes can transform the way they experience their disability.

We are particularly interested to hear from applicants who have experience of living with a disability, and/or managing a long-term condition, and/or their friends and family. We would also particularly welcome interest from applicants with a passion for snowsport.

For more information visit [www.disabilitysnowsport.org.uk/work-for-us](http://www.disabilitysnowsport.org.uk/work-for-us) where you can download the application pack.

An open information session will be held via Zoom on **19<sup>th</sup> November 2020** at 18:00. This is an informal opportunity to hear more from some of the team (including the CEO and serving Trustees). There will also be an opportunity to ask any questions that you may have.
