

## **About us:**

Curious Thing is an AI interviewer startup based in Sydney Australia. Powered by state-of-the-art Machine Learning and NLP technologies, Curious Thing helps companies interview 100% candidates at scale through simple phone calls, providing realtime analytics to support shortlisting decisions with a truly data-driven approach.

Founded by serial entrepreneurs and technology experts, Curious Thing AI has been adopted by some of the most innovative brands in the region. We are also the winner of the Australian Talent Conference Product Award and the Finalist of Global HR Tech Conference 2019.

We are a small team based in Sydney, Brisbane, and San Francisco. We are proud of our cultural principles:

- We are a people-first company
- We encourage “over-communication” within the team
- We succeed and fail together

## **About this role:**

We are looking for a Data Scientist to join our growing team in Sydney. Directly reporting to the CTO, you will play a critical role in the R&D endeavours of our core technologies spanning across Natural Language Processing, Natural Language Generation and Graph Theory. The ideal candidates should have 13 years of industry working experience in Data Science, research degree graduates are also encouraged to apply.

## **About you:**

- You are a sharp problem solver. You are resourceful and ingenious in finding elegant solutions to challenging problems;
- You have a strong academic background in Data Science. A PhD in Machine Learning or related areas is a major plus;
- You are proficient in Python. Familiarity with Microservices software architecture and Containerisation technologies is a major plus.
- You have excellent communication (oral and written) and presentation skills;
- You take immense ownership of your work; you are highly autonomous and highly functional under minimal supervision;
- You genuinely enjoy working with others in a high-performance culture and you are comfortable working in a remote-friendly environment;

Reach out to [hello@curiousthing.io](mailto:hello@curiousthing.io) if you believe that you are a right fit. We would love to meet you.
