

# enfore AG Announces first Set of Business Apps and Business Devices

**Berlin, Germany - March 6th, 2017**

Today enfore is announcing its first set of Business Apps and Business Devices, focused on helping 50 Million Local Merchants and Service Providers to better run and broaden their Point of Sales and Service efforts. enfore was founded in 2009 as NumberFour AG by Marco Boerries and is changing its name to Enfore AG amid this first product announcement.

enfore has built an open business platform to develop solutions that help small businesses around the world to run their business - and turn them into a connected business. By combining innovative hardware, powerful and easy to use software, as well as comprehensive services. enfore delivers a unique solution to connect all aspects of a small business.

## **enforePOS**

Offers a wide range of modules to cover all aspects of a small business: sales, reservations, payment processing, inventory management, purchasing, order fulfillment and logistics. Additionally, powerful tools are built in that allow a business to better understand, retain, and reward their customers, as well as connect with them via multiple sales and service channels. enforePOS runs on iOS, Android, macOS, Windows10 and enfore Business Devices.

## **enforeDasher**

A stunningly beautiful and sturdy all-in-one POS terminal with 14" Full HD touchscreen, 5" customer display, high-speed printer, 3D barcode scanner, WiFi Hotspot, Ethernet, HDMI, 4 USB ports, and more.

## **enforeComet**

A sibling to enforeDasher – this sleek, mountable POS terminal features a 14.4" Full HD touchscreen, WiFi Hotspot, Ethernet, HDMI, 4 USB ports and more.

## **enforePayPad**

An amazing WiFi-enabled payment device and ideal companion to enforeDasher, enforeComet and any iOS, Android, macOS, Windows10 device running enforePOS.

## **Pricing and Availability**

enfore will hold a product launch event later in the second quarter, when the aggressively priced business apps and devices become available.

## **Special Offer**

Starting today until June 30th, small businesses will be able to sign up for an enfore account and receive the enforePOS for FREE on iOS, Android, macOS, and Windows 10.

## **About Enfore AG**

Founded in 2009 as NumberFour AG by Marco Boerries to re-imagine how small businesses utilize technology. enfore has built an open business platform to develop solutions that help 200 million small businesses around the world to run their business. enfore's vision is simple: every small business should enjoy similar efficiencies and scale-effects that historically were only available to large enterprises.
