

Coronavirus Cleaning Supplies Checklist

The virus will change the frequency and scope of cleaning and sanitizing. Managers should have sufficient stock to handle three months of these new cleaning/sanitizing routines.

If currently, cleaning and sanitizing supplies are in short supply, continue to find ways to make these purchases.

Every campus is different and the needs of each customer will dictate what purchases need to be made. Items to consider purchasing include:

- ✓ Hand soap for bathrooms
- ✓ Hand towels for bathrooms
- ✓ H2Orange2 (product #117)
- ✓ Hand spray bottles for the cleaning solution
- ✓ Microfiber towels for cleaning
- ✓ Paper Towels for cleaning (for custodial staff and teachers)
- ✓ Clorox wipes
- ✓ Disposable gloves
- ✓ Hand sanitizer (60%+ alcohol content)
- ✓ Electrostatic sprayer (optional)
- ✓ Solution for electrostatic sprayer (optional)
