CONTEMPORARY, LINEAR DESIGN COLLECTION

The long, clean lines of new Artline™ reflect an emerging trend to minimalist, modern outdoor designs. Look for Artline™ in exclusive colors and textures that can be used separately or combined together to create graphic interest. Artline™ is available in multiple finishes. Three of the finishes: Artline™ Smooth, Artline™ Antiqued and Artline™ Umbriano offer Easy Clean Stain Resistance™ technology for a refined paver surface that is resistant to stains.

Manufactured in North America.

Salt and chlorine pool water resistant. All measurements are nominal.

*Not all Special Finishes offer Easy Clean Stain Resistance™. Contact a Unilock Representative for details.

PRODUCT TECHNOLOGY

Easy Clean Stain Resistance™
An integral surface protection that allows for easier cleanup of spills when they happen, and before a stain can develop.

ENDURACOLOR™

Unilock EnduraColor products deliver durability through a perfect union: long lasting color united with permanent strength.

The top portion of each stone is engineered with concentrated color and special wear-resistant materials. This is permanently united with the stone’s base - a sturdier, coarser foundation designed for remarkable strength. The result is an exceptionally strong stone with color that endures.

Unilock® provides a Transferable Lifetime Guarantee on the structural integrity of its paving stones, slabs, retaining wall units and natural stone for residential use. Any materials installed and maintained to our guidelines, and subject to normal wear, that prove defective will be replaced without cost. Color matching cannot be guaranteed, and replacement labor is not included. Registration is required and must be complete within 60 days of your dated proof of purchase.
