

Waterford Stone™

ARTISAN MASONRY STONE VENEERS®

Waterford Stone™

Diverse array of sizes for ultimate design flexibility.

Performance Upgrade Option:
EnduraMax™ Wall System

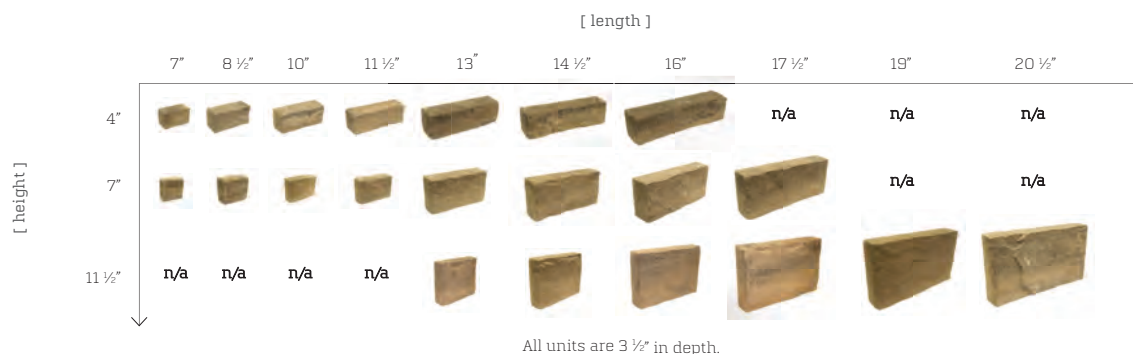

Waterford Stone™ evokes the natural, time-honed look of hand-cut stone with its antiqued edges and textured face while featuring the modern benefits of a manufactured masonry veneer. Waterford grants unparalleled design flexibility with its diverse array of sizes and colors, employing Oldcastle's unique multiple color blending system that will last the life of your project.

Features & Benefits

- Integrated color throughout entire unit
- Hand-chiseled texture reminiscent of natural stone
- Modular format means less cutting and waste
- Repels water & resists mold

Shapes & Sizes

Stones of 4" and 7" height are shipped on the same pallet, and the 11 1/2" height is shipped on a corresponding pallet. Stone face dimensions are nominal and include a variable joint width from 3/8" to 3/4". All stones are approximately 3 1/2" in depth.

Laying Patterns

Waterford Stone is a truly modular system and is easily adapted to suit the taste of the most discerning owners. By varying the ratio of 11 1/2" large stones, you can alter the pattern to best suit your individual style.

10% Large Stones

25% Large Stones

50% Large Stones

Technical Information

Minimum compressive strength	2,000 psi
Maximum absorption by weight	13 lbs./cu. ft.
Minimum weight	125 lbs./cu. ft. or more
4" & 7" piece pallet weight	3,564 lbs./104.8 sq.ft.
11 1/2" piece pallet weight	3,496 lbs./92 sq.ft.
11 1/2" chiseled piece pallet weight	4,048 lbs./92 sq.ft.
