

# Transparent Pricing

## Direct Primary Care Membership

The best care comes from an ongoing, unrestricted relationship with your physician. That's why virtually all of our patients are members in our practice. Members get unparalleled access to their doctor, same and next day appointments, and virtually everything we do in the office is included at no cost. This is why Pure Family Medicine was founded.

## Pay as You Go

For patients who are uneasy about commitment, or who only see their doctor once per year, we offer pay as you go pricing, so you pay only when you interact with our practice. This is a typical fee for service arrangement found in most medical offices, but you'll find that we are much more thorough!

*We do not bill insurance for any of our services, this allows us to offer high quality care at a fair and transparent price. Patients can use their insurance for lab testing, vaccines, and other items outside our office.*

**Pricing may change from time to time based on our costs. Prices are current as of 12/27/2019.**

Monthly Membership	Pay as You Go	Direct Primary Care Member	
Registration Fee	-----	One time, \$95	\$150 max per account
Ages 0 - 26	-----	\$65/month	
Ages 27 and older	-----	\$95/month	
Additional Adult 27 and older	-----	\$80/month	
Family - two adults and their children	-----	\$275/month	

*There are no lock-in periods, if you are unsatisfied with your care you have the option to cancel your membership at any time. To prevent abuse of our membership program, there are restrictions on rejoining the practice. See our member agreement for full details.*

## Chronic Medications

Dispensing of chronic medications from our office at cost is a benefit reserved for Direct Primary Care Members. Patients on chronic medication are strongly encouraged to sign up for Direct Primary Care Membership so that we can provide appropriate ongoing care and monitoring.

Patients on chronic medication electing to “pay as you go” will be provided a prescription for a 90 day supply to fill at a pharmacy, and must return for an office visit every 90 days to renew their prescription.
