Experience

Owner & Designer

2001 ~ Present
Designtech Studio LLC, Madison, WI

Design and develop websites, create graphic designs and user interfaces for businesses and individuals. Maintain long-term client relationships, manage projects, arrange specialists and contractors, assure quality, train clients, and research new technologies.

UI/UX Designer

2012 ~ Present
SenseData Group LLC, Georgetown, CO

Create visual interaction designs for mobile and web applications by designing wireframes, high fidelity mockups, prototypes, assets, and design guides. Communicate directly with clients and collaborate with team of developers to produce user-centered designs that benefit both end-users and stakeholders.

Senior Web Designer

1997 ~ 2007
Parsons Brinckerhoff Inc, Denver, CO

Led a web design team and collaborated with developers and multi-media specialists, trained junior to mid-level designers, and oversaw numerous large scale and long term public involvement projects, corporate branding, and private sector projects.
