HOTELITO EN LIMA

## the hotelito

Warm and intimate with a sophisticated feel, this nine-room Hotelito welcomes discerning guests as friends. A private hideaway to escape from Peru's vibrant capital.

Housed in a renovated 1940s mansion in the upscale Miraflores district, this nine-room hotelito comes from the same award-winning design team behind Titilaka, CIRQA and Hotel B. Built as a family home in chic Lima, this 1940s mansion offers a hideaway from the city's busyness. The quaint Hotelito welcomes travellers looking to unwind in a warm and home-like atmosphere.

We pride ourselves on our flexibility: whatever a guest requests, we will go out of our way to deliver a made-to-measure solution including exclusive behind-the-scenes access to Lima's contemporary creative scene.
