WAVERLY LABS NAMED AS CES 2020 INNOVATION AWARDS HONOREE

Brooklyn, NY, November 7, 2019 – Waverly Labs Inc. today announced that it has been named a [CES® 2020 Innovation Awards Honoree](#) for Ambassador Interpreter. The announcement was made during CES Unveiled New York, an invite-only tech event bringing together top media, exhibitors and industry leaders for a sneak peek of the products and trends expected at [CES 2020](#), which will run January 7-10, 2020 in Las Vegas, NV.

An annual program that celebrates outstanding design, the CES Innovation Awards recognizes honorees across 29 product categories. A panel of judges, including designers, engineers and members of the tech media, reviews submissions based on design, functionality, consumer appeal, engineering and how the products compare with competition.

Ambassador Interpreter is a sleek and specially designed over-the-ear interpreter engineered to translate speech with higher accuracy than any other tool on the market. From training to travel, groups to solo, the Ambassador allows you to have smooth conversations free from the constraints of language barriers. Ideal for professionals and travelers of all backgrounds.

“Ambassador is our next evolution of research in language technologies and wearables for professionals, and we’re extremely honored to once again be included among the innovative teams working on life-changing technologies at CES.” – Andrew Ochoa, CEO

The CES Innovation Awards are sponsored by the [Consumer Technology Association \(CTA\)™](#), owner and producer of CES, the world’s largest and most influential technology event. CTA has been recognizing achievements in product design and engineering since 1976.

Waverly Labs’ Ambassador Interpreter will be on display in the [Innovation Awards Showcase](#) at the upcoming CES 2020. The complete list of CES 2020 Innovation Honorees, including product descriptions and photos, can be found at CES.tech/Innovation.

CES 2020 will showcase life-changing technology across every major industry, featuring 4,500 exhibitors across 2.75 million net square feet (260K net square meters) of exhibit space. CES provides access to the very latest transformative tech, such as 5G connectivity, artificial intelligence, augmented and virtual reality, smart home, smart cities, sports tech, machine learning and more.

[Registration](#) for CES 2020 is open. For the latest news and show announcements, visit [CES.tech](#).

About Waverly Labs:

Inspired by personal experiences to connect across language barriers, Waverly Labs was founded in 2014 at the convergence of wearable technology and speech translation. In 2016 they debuted Pilot, the first smart earbuds with live translation, selling over 35k units and \$8MM in gross sales. Now they're ready to introduce the Ambassador, an over-the-ear interpreter for professionals and travelers of all backgrounds.

About CES:

CES® is the world's gathering place for all who thrive on the business of consumer technologies. It has served as the proving ground for innovators and breakthrough technologies for 50 years—the global stage where next-generation innovations are introduced to the marketplace. As the largest hands-on event of its kind, CES features all aspects of the industry. Owned and produced by the Consumer Technology Association (CTA)™, it attracts the world's business leaders and pioneering thinkers. Check out [CES video highlights](#). Follow CES online at [CES.tech](#) and on [social](#).

About Consumer Technology Association:

Consumer Technology Association (CTA)™ is the trade association representing the \$377 billion U.S. consumer technology industry, which supports more than 15 million U.S. jobs. More than 2,200 companies – 80 percent are small businesses and startups; others are among the world's best-known brands – enjoy the benefits of CTA membership including policy advocacy, market research, technical education, industry promotion, standards development and the fostering of business and strategic relationships. CTA also owns and produces CES® – the world's gathering place for all who thrive on the business of consumer technologies. Profits from CES are reinvested into CTA's industry services.
