EXPERIENCE

SCAD DIGITAL LAB | Savannah, GA | Sep 2017 - May 2019
Rapid Prototyping Lab Technician

As a student employee at SCAD I was trained to operate and maintain rapid prototyping machinery (Stratasys FDM, Polyjet and Form SLA 3D printers), laser cutters, and provided a service by identifying and solving complications with student projects to ensure a seamless experience.

KOHLER CO. | Kohler, WI | Sep - Dec 2018
Industrial Design Contractor

Conceptualized and designed unique contemporary kitchen faucet line collections by upholding true to Kohler's Components bathroom collection. I focused on functionality and modularity to meet and individualize user needs while explicitly validating the collection which informed Kohler's Global Faucets Core Range strategy.

KOHLER CO. | Kohler, WI | Jul 2016 - Jul 2017
Industrial Designer

My role included collaborating with cross-disciplinary teams to research and develop opportunities for advanced development projects that aligned to Kohler's future product category. I developed and defined a meaningful aesthetic which informed the design outcomes of multiple kitchen faucet designs for Kohler's retail channels; Lowes, Home Depot, Costco and E-commerce.

KOHLER CO. | Kohler, WI | Sep - Dec 2015
Industrial Design Intern

Designed, collaborated and contributed to the experience development of multi-functional showering solutions for Kohler's Global Faucets Core Range with a focus on user testing research, human factors, and developed aesthetic sprayface forms to visually express functions and features of newly developed sprays.

FOSSIL GROUP, INC. | Dallas, TX | June - Aug 2015
Industrial Design Intern

Collaborated with various design teams to conceptualize multiple iterations of watches and smart wearables based on the brands requirements. Communicated and assisted suppliers in creating mechanical, technical and color-way packs for prototyping and finalized designs for Fossil's licensed brands; Adidas, Chaps, DKNY and Marc Jacobs.
