Experience

Ubiquity6

Product Design Intern + KP Design Fellow

05—09.2018

Designed web editor tools for 3D AR scene editing, which powered all internal scene editing and became the basis for the user-facing web product. Helped with the SF MoMA Play launch, where Ubiquity6 hosted the largest multiplayer AR session ever.

GM Cruise

Product Design Intern

01—05.2018

Worked on the early iterations of the mobile ride sharing experience. Learned a lot about designing for the complexities of autonomous ride sharing as well as shaping a healthy team culture.

Robinhood

Product Design Intern + NEA Design Resident

06—09.2017

Joined the team as the first product design intern.

During my internship, I designed and shipped the search feature for the new (at the time) web product.

frog Design

Interaction Design Intern

09—12.2016

Based out of frog's Seattle studio, I worked on a project team of 6 for an undisclosed client. Travelled offsite to visit the client, conducting user interviews and design research with the team.
