

COOKIES

When you visit this website, information in the form of cookie documents will be stored on your end device. Cookies are small files stored in your end device which contain certain settings and data that are being exchanged between you and our website through your browser.

Cookies are meant to provide users and visitors with a pleasant browsing experience and facilitate the browsing of the website. They also enable us to make advertising more efficient.

Which cookies do we use?

Analytical cookies **for measuring the traffic** of the website and adjusting the display of the website are being processed on the basis of the company's legitimate interest.

Our website is using the **Google Analytics** system which helps us to understand the way the visitors use the website. The system can use a set of cookie files to gather information and create overviews about the use of the website without the Google company acquiring any personal identification data of the individual visitors.

In case you don't want us to be able to recognize your end device, please set your browser to delete all cookies file, block them or notify you before saving a new cookie file.
