

Bulletin Board Kit

How to be a SMILE MAKER!

This cheerful bulletin board is an excellent way to illustrate kindness and how saying and doing nice things makes people smile! Have your students come up with kind things they can do and say and highlight them on the board.

Kids will also have a great time creating a wild and crazy Smile Maker Machine with the many components, widgets and gadgets included in this kit!

- What you'll need:**
- Printer
 - 8-1/2 x 11" paper (white & variety of colored paper)
 - Black and Red thick marker or crayon.
 - Scissors
 - Glue or tape
 - Large colored paper for the background.

- Directions:**
- Print out pages 2-11 on white paper and **follow instructions on each page.**
 - Print pages 12-24 on a variety of bright, colored paper. These page contain the components to create your SMILE MAKER machine!
 - Print pages 25-27 on RED PAPER.
 - Cut out the components and assemble however you choose to create your unique machine. Use the example below as a guide.

SHARE: Make even more smiles by taking a picture of your awesome bulletin board and sharing it with us, The NED Show on Facebook!
