

M.Sc. Solar Energy Engineering Self Assessment Form

Dear Prospective Student,

We are thrilled that you are interested in solar energy and that you consider studying with us. This self-assessment form will help us give you a first estimation on how your chances of acceptance are. Please fill in this form to the best of your knowledge and send it along with scanned copies of your transcripts to contact@studysolar.uni-freiburg.de.

We look forward to hearing from you.

English Language Ability

All applicants, coming from a country where English is not the official language, need to provide proof of their English language proficiency at a later stage of the application process.

My English language ability corresponds to CEFR B2 or higher

M.Sc. Solar Energy Engineering Self Assessment Form

Prior Specialized Knowledge

You might be eligible for exemption from certain modules if you have prior knowledge in Surface Physics, Semiconductor Physics or Electrical Engineering. Please state below whether you took appropriate courses during your studies and where to find them on your transcript.

Scientific Publications

You might be eligible for exemption from certain research projects if you have prior corresponding experience. Please state below any of your scientific publications (including a Master thesis) and where to find them (e.g. as a graded course on your transcript or uploaded on the internet).

Work Experience

Please state your most recent employer or work experience as well as any professional experience in the solar industry or related fields.

Job Title/ Postion	Employer
Employed from (dd.mm.yy)	Employed to (dd.mm.yy)

Main Responsibilities (bullet points)
