

ENGLISH LANGUAGE ARTS SERVICES

As the leader of the college and career readiness movement, Achieve has deep content expertise in English language arts (ELA) standards, assessments, instructional materials, and more. Our ELA services help districts focus on priority levers for change to improve learning for all students. Though the chart below describes typical situations for our work, it is not exhaustive of the work we do; Achieve's experts tailor each experience to meet your needs.

Achieve offers:

Standards Implementation

Working with English Language Arts Standards

We provide training to help unpack the expectations of college- and career-ready academic standards in English language arts/literacy so that teachers can more effectively implement them in their classrooms.

Working with English Language Arts Content

Our team can equip teachers with effective strategies for implementing particularly challenging content areas in English language arts.

English Language Arts Standards Reviews

Achieve has a long history as the leader in reviewing academic standards and can conduct reviews in your state.

Instructional Materials

EQuIP English Language Arts Materials Review

Using the EQuIP suite of tools, our team of experts can review and rate existing instructional materials.

Curriculum Support: Building or Evaluating Lessons and Units

The EQuIP suite of tools helps educators deepen their understanding of new, higher standards and guide the evaluation and development of instructional materials.

Instructional Materials Transitions

We work with districts to plan and strategize for smooth transitions to new English language arts/literacy instructional materials.

Assessments

English Language Arts Assessment Reviews

Building upon over two decades of experience conducting reviews of assessments, our experts can review assessments for quality and standards alignment.

Assessment Support for Educators

We support educators in thinking more deeply about how they assess students in their classrooms to better inform instruction.
