YOUR DISTRICT GOVERNMENT

Bear Valley Community Services District serves as the local government for Bear Valley Springs. The District is similar to a city government, supplying services such as police protection, potable water, road maintenance, solid waste disposal, wastewater treatment and parks and recreation.

The District exists under California State law governing special districts (Government Code §61000 et. seq.). The District was established by resolution of Kern County Board of Supervisors on May 4, 1970, for the purpose of providing infrastructure and services for the newly developing community of Bear Valley Springs. The District is governed by a five-member Board of Directors who serve four-year, staggered terms and are elected at large. The Directors entrust the responsibility of the efficient execution of District policies to their designated representative, the General Manager.
