

Join The Employee-Owned Network

Establishing an employee-owned firm or company is only the beginning. Employee-owned companies face a unique and ongoing set of challenges. These include building a corporate culture of ownership, mastering the technical elements of their form of ownership, and creating a new way of looking at work.

Our Mission

The OECC's Employee-Owned Network's mission is to provide a forum for employee-owned businesses and others to learn from each other how to make employee ownership work more effectively at their company; and to address the unique challenges and potential of employee ownership.

Our Network

The Network is member-directed and reflects a broad spectrum of business and industry from all over Ohio, as well as several other states. Throughout the year the OECC hosts multiple programs designed assist our employee-owned companies .

The Network offers programs which:

- Build employee involvement skills
- Bring employee owners together to explore common problems and share experiences in dealing with ESOP administrative and HR issue
- Provide lower cost workshops and seminars to Network members
