

# Northern California Waldorf Teachers Conference

'Trees', Piet Mondrian, c 1912

## “To You Rise Love and Thanks” *with Keynote Speaker Rev. Patrick Kennedy*

Every main lesson in a Waldorf school begins with a verse or prayer. Why? What are we cultivating in children and youth that they may grow into whole and healthy human beings? As many of the spiritual institutions that held our communities continue to crumble in contemporary culture, how will truly human values and inner nobility of spirit still emerge? What would happen to the human soul if it could no longer reach out in reverence to something greater than itself? This conference will explore the deeper sources of spiritual and religious life in the human soul and how nurturing and unfolding these in teachers and students is essential to the future.

**February 19, 20, 21, 2020, 9am-3pm, Marin Waldorf School**

**Artistic workshops and Plenum sessions will explore and deepen the theme.**

**Register: [www.bacwtt.org](http://www.bacwtt.org)      Conference fee: \$125**
