### COVID-19 WAIVER

The virus that causes COVID-19 can be spread to others by infected persons who have few or no symptoms. Even if an infected person is only mildly ill, the people they spread it to may become seriously ill or even die, especially if that person is over 65 years old with pre-existing health conditions that place them at a higher risk. Participating in a class, camp, clinic, or practice, or being on the premises, may result in contracting the virus. Parents/Guardians agree to not hold Buzy Body, Inc. or Cheer Explosion, Inc., its owners, staff, employees, teachers, coaches, or other agents in any way responsible if their child or someone in their family contracts the virus. Parents/Guardians understand and assume the risk of participation or being on the premises.
