bio

Hey there, my name is Shane! 🙌

I'm a UX/UI designer with experience creating award-winning digital products since 2012. I'm from Wexford in the beautiful south-east of Ireland, and I've worked with a wide range of companies across the globe, helping them create better digital interfaces.

selected experience

Aug 2022 to present

Senior Product Designer for Workhuman

Currently, I am responsible for crafting exceptional experiences for celebrations and recognition within the Workhuman platform.

Feb 2022 to Aug 2022

Principal Product Designer for Agora Publishing Services Ireland

I was responsible for defining the strategy and vision for the design of their products whilst leading a team of senior designers.

July 2021 to Feb 2022

Lead Product Designer for Genesys

I led the product design of Conversational AI and Self-Service products.

March 2018 to July 2021

Lead UX/UI Designer for Threefold Systems

As the Lead Designer, it was my responsibility to guide the team in creating solutions that addressed our client's challenges.

2017 to 2018

Freelance UX/UI Designer

I have designed and developed apps and websites for international clients including Awesome Maps, Luxebox, and Password Boss.
