

SUE Technician I

Goodbee is looking for self-motivated individual to join our Subsurface Utility Engineering department. Goodbee has expanded to offer SUE services in Colorado for our transportation, infrastructure, utility, and private clients. The position is mid-level and will report to the SUE Group Lead and coordinate with the Safety Manager, SUE Field Manager and/or office Project Managers.

Job Duties

- Work includes locating all wet and dry utilities in urban and rural environments, a variety of weather conditions, and may require some travel and flexible hours (evenings, nights or weekends possible but uncommon).
- Individual will be responsible for operating and safe-guarding assigned equipment (including vehicle); adhering to company safety policies; professionally interacting with landowners, businesses, clients, and other members of the public, while performing job-specific tasks.
- Independent work may be required under the Field Manager's supervision, direction and coordination.
- Position has opportunity for growth with demonstrated successes.

Required Skills

- 3 to 5 years of experience in locating existing underground utilities using a variety of geophysical equipment common to the locating industry
- Capability of working alone or in a team environment
- High level of attention to detail
- Strong oral and written communication
- Basic to mid-level computer and software skills
- Valid driver's license
- Ability to pass a drug test and background check

Educational Requirements

High School Diploma

Why Goodbee & Associates?

Goodbee & Associates is a well-respected small business providing subsurface utility engineering, utility coordination, and utility design on public infrastructure projects in Colorado for over 25 years. We are looking for talented individuals who can add expertise to our team. Our benefits lead the industry with three weeks of vacation, five days of sick time, two days for inclement weather, nine paid holidays, 401k, health, dental, and vision insurance, and generous training and wellness opportunities. We are committed to providing a culture of balance, flexibility and growth for our staff and encouraging social responsibility within our profession and community.
