

## ELEMENTS OF COLLAGE:

ONLINE WITH ZOOM

SATURDAY 5/30 & SUNDAY 5/31 12:00pm-3:00pm.

In this class we will explore and produce elements to use in creating our individual collage pieces. We will look at how to use line, texture, shape, color and scale. Through various exercises we'll begin to rethink how we approach and start to build our pieces. Come join me online in exploring many different mediums where we can adhere a multitude of possibilities. Leave your decorative papers tucked away and come create something original and all your own. All experience levels welcome. Two three-hour sessions. Maximum of 10 students.
